Dear Mr. William Rhodes:

The Division for Air Quality is preparing to assess the Air Emissions Fee for 2013. Your plant's **actual emissions totals** for SO₂, NO₂, VOC, and PM₁₀ data are shown on the enclosed **Acknowledgement Checklist**. These emissions have been calculated using 2012 data, which you submitted to this office using the DAQ Web Survey earlier this year. To obtain a printout of your plant's entire data, you must retrieve it from the DAQ Web Survey website. To access this report, go to DEP's web site (<https://dep.gateway.ky.gov/eportal>) and logon using your existing Logon ID and password. From the "DAQ Web Survey" tab, select your Agency Interest and the Survey Version "Accepted by DEP." Click "Facility General Report" to view, save or print a copy of the facility printout. No printout will be sent from this office.

The fee will be based on the **actual emissions total** for SO₂, NO₂, VOC, and PM₁₀, as they appear on the enclosed Acknowledgement Checklist. If the actual emissions total for all four pollutants is greater than zero and less than 25 tons/year, the fee will be \$150. If the actual emissions total for these four pollutants equals or exceeds 25 tons/year, the per/ton rate will apply. The per/ton rate for 2013 will be determined once any changes resulting from these emission statements have been made. There will be no fee assessed this year for plants where the actual and potential emission totals for each pollutant is less than ten tons. The fee is assessed on plants that qualify as Title V major sources or sources subject to a federal requirement. Specifically, there will be no fee assessed this year for plants that have been approved as "Conditional Major", "Minor", or "Registration", if the source is not subject to a federal requirement. However, these exemptions do not necessarily exempt those sources from any future billings by this Division.

Enclosed is a **CHECKLIST** for you to indicate if you **AGREE** or **DO NOT AGREE** with the **ACTUAL** emissions totals for SO₂, NO₂, VOC, and PM₁₀. If you identify a problem with the emissions data, please indicate on the CHECKLIST, attach documentation, and return to me immediately. In accordance with regulation 401 KAR 50:038, this office must be notified of any error made in the determination of subject emissions within 30 days of the date of this letter, in order to have any changes in the subject emissions considered. **Responses are due by August 7, 2013.**

THIS IS NOT A BILL, ONLY AN EMISSION STATEMENT. DO NOT SEND MONEY

Acknowledgement Checklist Letter

July 8, 2013

Page 2

AT THIS TIME. The fee will be assessed approximately 45 days from the date of this letter. When you receive your invoice, remember to return the payment with the invoice stub in the envelope provided. Otherwise, your check may end up at the Department of Revenue, and your account here will not be credited.

PLEASE PAY SPECIAL ATTENTION TO THESE EMISSION ESTIMATES AND REQUEST ANY NECESSARY CHANGES IMMEDIATELY! THESE EMISSIONS TRANSLATE INTO THE AIR FEE FOR YOUR SOURCE, AND CHANGES CAN NOT BE MADE AFTER THE FEE IS ASSESSED!

If you have questions, please contact the Emissions Inventory Section at 502-564-3999.

Sincerely,

Derek Picklesimer, Supervisor
Emissions Inventory Section
Program Planning & Administrative Branch

Acknowledgement Checklist for 2012 emissions data

Facility ID#: 2115100007
Agency Interest ID: 2820
Facility Name: Eastern Kentucky University (EKU) Main Campus

Actual 2012 emissions:

VOC 0.55 tons
PM₁₀ 0.927 tons
NO₂ 44.671 tons
SO₂ 93.303 tons

Responsible Official (print): W. T. RHODES
Responsible Official Title: ASST DIR FACILITIES SERVICES
Signature of Responsible Official: 
Date of Signature: 7/19/13

I hereby certify that the information submitted in the 2012 survey and 2012 emissions listed above are accurate and complete to the best of my knowledge. Further, I have reviewed the emissions and other data of the emissions printout and hereby certify the following:

- Check this box if you **AGREE** with the **ACTUAL** emission totals for NO₂, PM₁₀, SO₂, and VOC and acknowledge that these emissions will be used to calculate the Airfee bill for this year.
- Check this box if you **DO NOT AGREE** with the **ACTUAL** emission totals for NO₂, PM₁₀, SO₂, and VOC. You must provide a written explanation of any problems identified with any of these emissions so the Division for Air Quality can review and correct as necessary. **Documentation must accompany this form** and must be received by the Division by August 7, 2013 in order to have the changes made prior to assessing the Airfee bill.
